Hakgala Botanical Gardens – this about 28 hectares in extent, lie under the shadow of the Hakgala rock. The botanic gardens are locally reputed for their collection, the rose garden and magnificent trees,

indoor plants and other flowers. And this is a part of the Raamayana. King Ravana kept the depressed Sita, insisting that she marries him. It was here where the heartwarming meeting took place between her and Hanuman, who brought her Rama's ring with the news that Rama was looking for her. He offered to carry her back but she refused saying it would be an insult to Rama's honor if she did so. Part of this majestic garden still exists.
